 Gottfried Prairie and Arboretum at  
University of Wisconsin Fond du Lac

At one time, most of Fond du Lac County was covered by prairie-native grasslands that were home to bison, prairie chickens, bobolinks and other wildlife. At the Gottfried Prairie and Arboretum on the UW Fond du Lac campus, a group of volunteers has reestablished the native plants that once grew on this site.

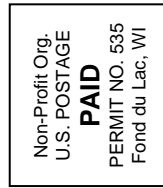

The Gottfried Prairie and Arboretum is named for Bradley Gottfried, former dean of the UW at Fond du Lac and a major force behind the project's initiation and development. Gottfried's vision and persistence have resulted in the restoration of a portion of native prairie for all residents to enjoy.

Contributions to the Gottfried Prairie and Arboretum are tax deductible and can be made payable to:
